

The latest generation of beds for care at home.

The new bock domiflex® 3 takes an important step into the future to improve care at home. For retailers, caregivers as well as for people in need of care the domiflex® 3 is the ideal bed for care at home. Even the standard model has an extended height adjustment range of 35–80 cm, and offers an increased patient weight of up to 155 kg and thus a higher safe working load of 190 kg.
